

THE UNIVERSITY OF HONG KONG
FACULTY OF SCIENCE

Master of Science (MSc) in the field of Applied Geosciences

1. Applications are invited for admission in September 2019 to read for the degree of Master of Science (MSc) in the field of Applied Geosciences. To be eligible for admission to the courses leading to the degree of MSc in Applied Geosciences, a candidate
 - (a) shall comply with the [General Regulations](#);
 - (b) shall hold a Bachelor's degree with honours of this University or a qualification of equivalent standard from this University or another comparable institution accepted for this purpose;
 - (c) shall satisfy the examiners in a qualifying examination if required; and
 - (d) for a candidate who is seeking admission on the basis of a qualification from a university or comparable institution outside Hong Kong of which the language of teaching and/or examination is not English, shall satisfy the University English language requirement applicable to high degrees as prescribed under General Regulation G2(b).

Applicants for the Engineering Geology Theme and Engineering Geology with HKIE Approved Course Theme should possess a Bachelor's degree with First or Second Class Honours (or GPA equivalent) in Science, Engineering or a related subject.

2. The MSc in Applied Geosciences was introduced in 1998-99. It is an inter-disciplinary coursework programme extending over two years of part-time study or one year of full-time study.
3. The programme is intended to provide students with further training in the applied geosciences for career and personal development.
4. Students work in small classes and are expected to participate in class discussion. The programme involves a considerable commitment of time, as students usually have to attend classes on 2-3 weekdays evenings (7:00-9:45pm), and occasionally field trips on weekends. Written work forms an important part of the programme, and includes a project dissertation of approximately 10,000 words. (All written and oral communication is in English).
5. Applications for a taught postgraduate programme can be via our on-line application system at <https://aal.hku.hk/tpg> or <https://www.scifac.hku.hk/prospective/tpg/about>.
6. The Regulations and Syllabuses for the above programme can also be viewed at <https://www.earthsciences.hku.hk/prospective-students/postgraduate-students/taught-postgraduates> (subject to approval).
7. The following theme is added into the curriculum for the academic year 2019-20:
Engineering Geology with HKIE Approved Course Theme
8. The results of the admissions exercise are expected to be announced as soon as possible but not later than August 2019. Applicants who do not receive any notification of their application results in early September are welcome to contact Department of Earth Sciences (tel. no. 2857 8247; email: esctpg@hku.hk) to enquire about their results.
9. Application period for full-time and part-time study is extended to:
Non-local applications deadline: May 31, 2019
Local applications deadline: June 28, 2019
Applicants who require a student visa are recommended not to submit their applications after May 31, 2019, as it takes about 3 months to process the entry visa and may not meet the commencement date.
