To the referee: The applicant has given us your name as someone who would be prepared to write a reference in connection with his/her application for admission to the Master of Science (MSc) in the field of Applied Geosciences. The Admissions Committee would be most grateful if you would complete the information below, and state overleaf your views of the applicant's capabilities for undertaking this degree. Please accept our thanks in advance. It would be appreciated if you could ensure that your reference reaches us before May 15, 2020 (non-local applicant) and June 30, 2020 (local applicant) to ensure that the application can be given due consideration. An early response would be most helpful. Under the provisions of the Personal Data (Privacy) Ordinance, applicants have the rights to request access to their personal data, including referee reports.

It might be helpful for you to know a little about the programme: It is a one-year full-time or two-year part-time, interdisciplinary postgraduate degree. Students from a wide variety of backgrounds, including Engineering and Science are accepted. It is a small programme (about 15 students each year) and students are expected to participate in class discussion. The programme involves a considerable commitment of time, as students usually have to attend classes on 2-3 weekday evenings, and occasionally field trips on weekends. Written work forms an important part of the programme, including a project of approximately 10,000 words. (All written and verbal communication is in English).
